Student Registration		¥ 2000 CNY	¥ 2600 CNY
Accompanying guest		¥ 1500 CNY	¥ 1500 CNY

Note:

- 1) Registration fee is priced in CNY. Participants from abroad will be charged the equivalent amount in USD (dependent on the exchange rate at the registration time). The registration system supports various domestic credit cards (for those from Mainland China), Master and Visa credit cards (for those from abroad).
- 2) Each accepted paper (including highlight and poster papers) must have at least one author registration on or before 20th August, 2016. For non-author registration, early registration is due 31st August, 2016. All time means Beijing time.
- 3) Student registration must provide proof of the registrant's studentship. After registration, each student is required to send an electronic (scanned) copy of her/his studentship certificate within one week, by email to togiwconference2016@gmail.com with the email subject as "Studentship proof - registration number".
- 4) After you do registration, please pay the registration fee immediately. Otherwise, you have to do the registration from the beginning again when you want to pay the registration fee, as there are two different systems for registration and payment. You can only go to the payment stage after the registration stage.

- 6) Accompanying guests indicate adult family members (e.g. spouse and parents) of author/regular registration participants. It is assumed that accompanying guests would not involve in the conference's academic activities.
- 6) The registration fee covers the following: a copy of conference program pamphlet (not applicable for accompanying guests), banquet, daily lunches, dinners & coffee breaks.
- 7) Registration is valid only after the registration fee is paid successfully. A confirmation email will send to you within two days after we get your successful registration and payment.
- 8) If you meet any problem while doing registration and payment, please feel free to contact Mr. Yinglong Song (15210240020@fudan.edu.cn or orgiwconference2016@gmail.com) with the email subject as "GIW Registration and Payment Problem". It would be better if you can keep the snapshot of the system's feedback when the problem happens, and send it to Yinglong via the email addresses mentioned above.
- 9) As AYRCOB 2016 is to be held in conjunction with GIW 2016, the registration for AYRCOB 2016 is merged with the registration for GIW 2016. Each registrant can choose to attend both AYRCOB 2016 and GIW 2016.
